

Trade-Up Offer

Hybrid Audio Technologies is pleased to announce that you will receive a guaranteed

60%

of the original value of your present Hybrid Audio Technologies speakers or speaker component system when you trade-up to new Hybrid Audio Technologies speakers or component system.

When was the last time a car stereo manufacturer was willing to buy back its own gear? And not only buy back, but to give an astounding trade-up value of 60% of the original value? The answer is NEVER. We are the first and ONLY car stereo speaker manufacturer to GUARANTEE the value of our products!

Our only request is that the product we receive in trade is in acceptable working and physical condition with no more than ordinary wear and tear, accompanied by the original sales receipt, if possible.

A lot of products have been added to our line-up, and now is the perfect opportunity to get in on this deal and upgrade your car audio system to the latest and greatest products Hybrid Audio Technologies has to offer.
